

St. Xavier's Social Service Club

"Don't just create awareness; trigger them into actions"

PROGRAM REPORT

Name of the program: Blood donation program

Objective of the program: To render blood service

Program area concerned for this report:

- Blood service including:
 - Public Relation
 - Public Service
 - Public participation

Program date: 25th September, 2016

Program time: 10 am to 2 pm

With the motto "Share a little, Care a little", St. Xavier's Social Service club organised a blood donation program in the college premises with the support of Nepal Red Cross Society. This program has been conducted by our club for the last two years and giving it a better continuation was a great achievement to all of us.

The goals of the program were to:

1. Develop fully voluntary blood donation system.
2. Involve youths in public service.

We Believe In Initiation

3. Assist blood service of NCRS.
4. Develop team work in social service
5. Inculcate public awareness that blood donation is a humanitarian act.

This year we had about 100 people who wanted to donate blood among whom 68 were valid blood donors .We are thankful to each and every individual who willed to donate their blood. Special thanks to Nepal Red cross society which has been the backbone of this program. We express our

gratitude to our college family, Club mentors and all our club members for their continuous support.

We Believe In Initiation
