

## Magis in Motion

This is the situation. You have collected around 10,000 Rupees. You can spend it any way you want. These are the options: a) go on a picnic with your friends or b) buy story books for children from government schools. What would you do?

Class 12 I of St. Xavier's College chose the latter. Together as a class, they decided to buy 101 story books for the less fortunate children of PiE, so that these children who otherwise cannot afford to buy a book of their own can read and experience worlds beyond their imagination.

*Fr. Jomon Jose, S.J., Supervisor, PiE receives the books.*

*PiE children at the function*

The event was not just about handing over the story books to the students. It was spiced by a meticulously planned and executed stage program through which the Class XII I students warmed the hearts of the children on a chill November 11 morning.

To love is to extend one's heart for the good of oneself and another. It is this kind of love that brings satisfaction and fulfillment.

*The happy Class XII I students with Fr. Jiju Varghese, S.J., the Principal and Ms Saluja Chand, the Dean of Women*

Hearty Congratulations to all the students of XII !! May your tribe increase!

**Prepared by:**

Fr. Jomon, S.J.

Supervisor, PiE
