

Social Service Club

VISIT TO ORPHANAGE ON SEPTEMBER 17, 2016

New Nepal Society Centre is an organization situated at Baneshwor and consists of 67 orphans and homeless children. We, a group of twenty- five students from St. Xavier's Social Service Club guided by 3 club moderators and Social Outreach Coordinator (Mr. Shailendra Sah) undertook a social work programme on September 17, 2016 to render service to those needy hands full of hope.

We started our shortly scheduled program with a short introduction and interaction with those children. Then, as planned, some of us started cleaning the compound by spraying insecticides and collecting litters scattered around the place. Next group immediately gathered the children and started the entertainment program which mainly involved singing and dancing. Later on, all the students were made to participate in quiz and drawing competitions while some involved in entertaining the children and organizing various programmes.

We distributed stationery to all the participants. Furthermore, we awarded prize to all the winners and chocolates to all the students. Our small effort was able to brighten their faces with cute smiles. We ended our formal programme by donating soaps, shoe polish, shoe brush, and some food items as per the organization's need.

The greatest achievement we made that day was to be able to bring happiness in their lives, to make them feel loved and appreciated. We believe we proved ourselves as socially responsible and morally upright Xavierians.
